Summer Camp Staff Guide

Prepared. For Life.®

BOY SCOUTS OF AMERICA®
SHENANDOAH AREA COUNCIL

Dear Summer Camp Staff member:

Congratulations on being selected to be a member of the Camp Rock Enon Summer Camp Staff. We have assembled a great team of dedicated young men and women to achieve the goal of providing a safe and memorable experience for each customer who visits our camp. Each scout, leader and visitor should leave thinking Camp Rock Enon is a place they would return and recommend to others.

To that end, this staff guide was prepared to help you do a better job as a member of the camp staff. We are providing this guide before camp so that you may become familiar with its contents. There have been changes made from prior years, so it is important for both new and returning staff to read and understand this document.

The important highlights of this guide include:

- Your role as a camp staff member
- Summer Camp program highlights
- Camp uniform policy
- Camp traditions
- General rules
- Activities “just for Staff”
- Summer Camp Staff Code of Conduct.

Please bring this guide with you to all staff training and make it part of your equipment to bring to camp. It will provide you a valuable resource for question you or a customer may have during the summer. It will not contain all the answers but may make the search easier. If you have further questions, refer them to your area director or any member of the senior leadership team. The purpose of this guide is to ensure that each member of the staff has the information at hand to carry out their responsibilities.

Regardless of where you work, your most important job is to meet the needs of our customers – THE CAMPERS! They provide your salary, and through their comments have the final say on how we did as a team. Ultimately, your performance will determine whether they choose to return to Camp Rock Enon.

Again, we congratulate you on becoming a member of the CRE family and thank you for your willingness to serve. Let’s strive to make our program the best!!

OUR MISSION

The mission of the Boy Scouts of America is to prepare young people to make ethical choices over their lifetimes by instilling in them the values of the Scout Oath and Law.

The Shenandoah Area Council, Boy Scouts of America, through its Council Camping and Outdoor Program Committee and Scout Executive, has developed a program for the operation of Camp Rock Enon. You are here to carry out the program to the best of your ability. You are always expected to uphold that program by giving your best. If you have a new idea, share it with your supervisor so that more will profit as we seek to serve.

We assume that you will take the Scouting program seriously, living up to its ideals and code of conduct to the best of your ability. The principles of the Scout Oath and Law are what guide the operations at Camp Rock Enon, and these same standards are placed upon the staff members and CITs as they carry out their duties. Serving as a staff member is an unforgettable experience. The friendships that are made can last a lifetime. Tremendous opportunities exist for personal growth since a camp counselor is placed in a position of responsibility with relative independence and is considered a trusted Scout.

WHY SCOUTING?

It is the purpose of the **BOY SCOUTS OF AMERICA** to provide for our Scouting youth an effective program designed to build desirable qualities of character, to train them in the responsibilities of participating citizenship, and to develop in them personal fitness, thus to help in the development of American citizens who:

- Are physically, mentally, and emotionally fit
- Have a high degree of self-reliance as evidenced by such qualities as initiative, courage, and resourcefulness.
- Have personal and stable values firmly based on religious concepts
- Have the desire and the skill to help others
- Understand the principles of the American social, economic, and government system
- Are knowledgeable to fulfill the varied responsibilities of participating in and giving leadership to American society and in the forums of world

WHY CAMPING?

The outdoor program is one method of Scouting. At camp a Scout can swim, fish, row a boat, shoot a rifle, and do all kinds of things. In order to achieve the Aims of Scouting, however, there must be something more.

- In a culture in which often “anything goes”, we foster a specific set of ethical beliefs: The Scout Oath and Law.
- In a culture that says to gratify one’s every impulse, we show the value of responsibility and self-control.
- In a society in which young people often seem to count very little, we show each youth that they matter and are important.
- In a culture that says, “Get Yours First”, we foster cooperation, teamwork, and service to others.
- In a society in which too much is often done for some young people, we value self-reliance, personal confidence, and leadership.
- In a world that grows more complex each minute, we offer proof that simple ways work and are desirable.
- In a society that does poorly on environmental protection, we teach that even a scrap of paper is offensive to nature.

Scout camping is more than fun in the woods. It provides the place, the people, and the program that can achieve the purposes of Scouting.

WORKING WITH ADULT LEADERS

Whether it's your own troop or a unit traveling from a distant point, the Scouts are there because of one person. Because there's an Adult Leader or Camp Leader who keeps the show on the road during THE YEAR AND BRINGS THE TROOP TO CAMP. Adult Leaders vary almost as much as camp staff members do, and a great deal of flexibility is required for us to meet their needs.

Every year there are Adult Leaders who pose certain problems to the staff. In some cases, the Adult Leader's complaint or problem is clearly justified, and the staff member needs to hustle to set situation right. In other cases, the Adult Leader seems to be difficult or unreasonable. But have you ever stopped to think that maybe this Adult Leader:

- is brand new and really doesn't understand summer camp yet?
- has been doing this job for years and is just worn out and unsuccessful in finding somebody to take their place.
- is giving up vacation with their family because nobody else could bring the scouts to camp.
- is in poor health and a week of camping is really a strain.
- really needs staff to help to pull the troop together but is too proud or embarrassed to ask.
- is seriously doubting the camp's and staff's ability to provide the needed service to the troop.

An Adult Leader's attitude toward camp will be directly reflected in the faces of the youth.

Some thoughts:

- Remember that your job exists in large part because of the Adult Leader.
- Don't wait for an Adult Leader to bring you a problem; ask how things are doing. They'll appreciate your interest.
- If you can help solve a problem, offer to help if it's within your ability. If you can't, ask a staff member who can or refer the Adult Leader to that person.
- Avoid putting yourself or supervisor in a corner. Say "NO" only when it is against the rules and policies of the camp or just plain impossible, not merely inconvenient and explain why.
- Avoid putting the Adult Leader in a corner. Enforce camp rules and policies but do so calmly and courteously. Never do anything that might embarrass an Adult Leader in front of any Scouts, staff or other leaders.
- When in doubt, refer to the Camp Management team!

WORKING WITH SCOUTS

As a member of the staff, your main job is to work with scouts. Successful work with scouts requires a variety of specific attitudes and skills. These attitudes and skills, though "natural" to a few people, can be learned, and are discussed below. You need to:

Respect and like scouts

- Be prepared
- Provide structure and organization
- Praise and encourage good behavior
- Ignore or terminate bad behavior
- Have a sense of humor
- Set a positive example
- Kids come to camp to have FUN! Make it Possible.

Scouts are very perceptive. If you really don't like or respect them, it will creep into your work, and you will not be successful. You can still do good staff work, but it will have to be in a support area.

If you're going to instruct a class, know what you are going to say and do. Will they sit or stand? Where? Are there enough axes or ropes to go around? What will you say? What are you trying to accomplish? What will the scouts be doing? How will they learn?

KNOW WHAT YOU ARE GOING TO SAY AND DO. HAVE YOUR AREA, MATERIALS, AND LESSON READY. HAVE A PLAN "A" AND A PLAN "B". DO ALL THIS BEFORE THE SCOUTS ARRIVE. Once you begin the session, use structure. You have **AUTOMATICALLY ELIMINATED 95% OF ALL DISCIPLINE PROBLEMS.**

Scouts do not learn by example. When a scout or group has learned something, or has been pleasant and cooperative, you should reward this. Warm verbal praise and encouragement is a powerful tool.

If a scout is being disruptive, first try to ignore this behavior. Be on the lookout for good behavior and praise this. If this doesn't work, directly tell the troublemaker to stop and proceed with the session. If this doesn't work, separate the scout from the immediate problem. Remove the scout from the area only as a last resort; and make sure to tell your area director why. **YOU ARE NOT ALLOWED TO STRIKE (AND ARE ADVISED NOT TO TOUCH) A DISRUPTIVE SCOUT.**

WORKING WITH OTHERS

At summer camp, friendships are made that may last a lifetime; this is as true for staff as for campers. Some thoughts:

Friends are made....

-when each person pulls his/her own weight, united in a common cause.
-by recognizing and complimenting the worthwhile achievements of others.
-when we overlook the minor differences or weaknesses, we all have.
-when we help someone to overcome the major problems they may have.
-when we support one another.

We cause problems....

-when we don't do our job.
-when we criticize others in public or make negative criticism.
-when we make an issue of each other's minor differences.
-when we fail to help others with their problems.
-when we embarrass others or talk about them behind their backs.

It is not unusual for problems to arise between and among staff members. This is because we work under difficult conditions, are all different, and, most of all, because we are human.

Problems can be avoided or solved. Some thoughts:

-meeting your own needs (consistent with policies)
-accepting the situation and living with it
-discussing the problems with the person involved, your department head, Program Director, or Camp Director

COMMUNICATING WITH PEOPLE WITH DISABILITIES

1. If you have a question about their disability, be polite and ask first if it is okay to ask your question.
2. Look at the person. Speak directly to the person rather than through a companion or sign language interpreter who may be present.
3. Always remember to identify yourself and anyone who with you when meeting someone with a visual disability. When talking in groups remember to identify the person to whom you are speaking. Ask if you can describe something to a person with a visual disability
4. Offer to shake hands. People with limited hand use or an artificial limb can usually shake hands, and offering your left hand is an acceptable greeting.
5. If you offer to help, wait until the offer is accepted. Then listen or ask for instructions as to what kind of help the person needs.
6. If you are talking to someone in a wheelchair try to sit down so they do not always have to look up at you.
7. Address people with disabilities by their first names, only when extending that same familiarity to all others. Never patronize people in wheelchairs by patting them on the head or shoulders.
8. Do not lean against or hang on someone's wheelchair. Remember that people with disabilities treat their chairs as extensions of their bodies. And so, do people with guide dogs and support dogs. Never distract a work animal from their job without the owner's permission.
9. Listen carefully when talking with people who have difficulty speaking and wait for them to finish. If necessary, ask short questions that require short answers, or a nod of the head. Never pretend to understand; instead repeat what you have understood and allow the person to respond.
10. Tap a person who has a hearing disability on the shoulder or wave your hands to get his/her attention. Look directly at the person and speak clearly, slowly and expressively to establish if the person can read lips. If so, try to face the light source and keep hand and food away from your mouth when speaking. If a person is wearing a hearing aid, don't assume that they can discriminate your speaking voice. Never shout at a person. Just speak in a normal tone of voice.
11. Don't be embarrassed if you happen to use common expressions such as "See you later" or "Did you hear about?" that seems to relate to a person's disability. People with disabilities are people first! Treat them as you would like others to treat you.
12. Relax

SCOUTING IS LEARNING FROM EXPERIENCE

HOW DO WE LEARN?

Adults work at jobs which they have learned to do. When we think about how they have mastered their work tasks or a hobby, we usually come up with an answer such as, "They learned it on the job" or "They just watched some guy do it and caught on" or "The company had a training program" or "They learned it from their dad". Most of their real skills were learned in the real world. They learned practical skills on-the-job. They learned through experience.

EXPERIMENTAL LEARNING

Experiential learning is the basic approach of most non-formal, out-of-school educational programs like Scouting. A simple process can be followed when a need to do something exists:

1. THINK—What are reasonable ways to get this done?
2. PLAN—What are the alternatives, the strategies, the methods?
3. ACTION—Do it!
4. REFLECT—What happened? What are the results?

Regardless of what job you have or problem you must solve, the process is the same. Learning from experience is learning by doing and reflecting.

REFLECTION

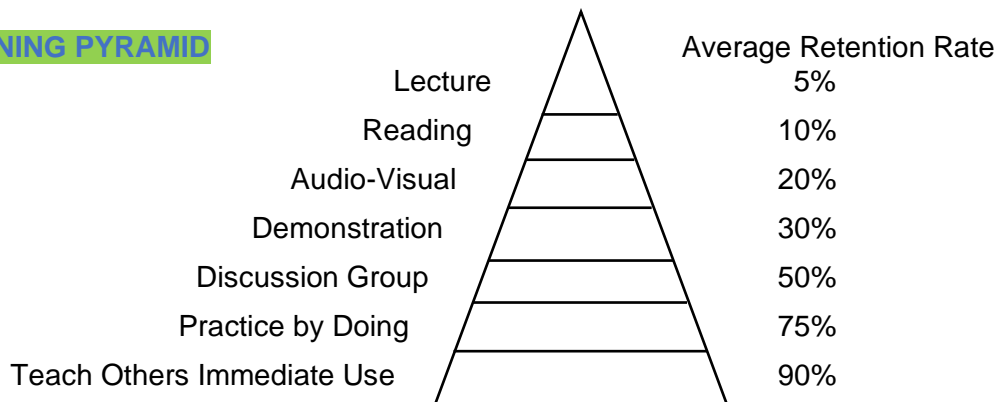

Reflection really includes two processes: Thinking about what occurred and making sense of it. Reflection helps to integrate the experience into life. This is how we learn from experience, and experience only teaches if we know how to listen.

Reflecting can be a silent, private "conversation" with oneself, or it may include others. It can even be a written process, or all of these. Scouting occurs in small groups, so the reflection with Scouting is a spoken, small group process led by a staff member. Leading group reflection is a skill, but one that can be learned easily.

In doing these activities, Scouts share experiences and reflect on them. These activities create opportunities for the mastery of knowledge and skills such as: Working together or cooperating and problem solving.

It doesn't just happen, however, and the Camp Counselor has an important role to play. Being a Camp Counselor is to be a teacher in a non-formal, community education program. As a leader of youth, your primary teaching method is experiential education. You will be helping them to learn what it means to be Scouts and how to be a Scout.

LEARNING PYRAMID

YOUTH PROTECTION

- **No One-to-One Contact:**

One-to-one contact between adults and youth members is not permitted. In situations that require a personal conference, the meeting is to be conducted in view of other adults and youth.

- **Respect of Privacy:**

Staff members must respect the privacy of youth members in situations such as changing into swimming suits or taking showers at camp and intrude only to the extent that health and safety requires. Staff members must also protect their own privacy in similar situations. When camping, no youth is permitted to sleep in the tent or cabin of an adult other than their own parent or guardian. Individual separate shower facilities are available for youth & adult / male & female located at the main shower house. An Adult Only bathroom/shower facility is available with scheduled times for use by adult male and female leaders and parents.

- **Abuse:**

Camp Rock Enon is a SAFE HAVEN for all who visit. Staff members are not to use physical, mental, or verbal abuse on youth. This includes any threatening manner toward any youth or other person. This policy also pertains to youth-on-youth abuse. **Any actions or suspected behavior of this type is to be reported immediately to the Camp Management. It is the policy of the Boy Scouts of America that any suspected abuse of any kind be reported to the appropriate authorities.**

OBSERVE THE SIGNS

Children who may be too frightened to talk about abuse may exhibit a variety of physical and behavioral signals. Any or several of these signs may be significant. Staff should assume responsibility for noticing such symptoms including:

- Extreme changes in behavior such as loss of appetite.
- Recurrent nightmares or disturbed sleep patterns and fear of the dark.
- Regression to more infantile behavior such as bedwetting, thumb sucking, or excessive crying.
- Unusual interest in or knowledge of sexual matters. Expressing affection in ways inappropriate for a child of that age.
- Fear of a person or an intense dislike of being left somewhere or with someone.
- Other behavioral signals such as aggressive or disruptive behavior, withdrawal, running away or delinquent behavior, failing in school.

WHAT SHOULD YOU DO?

How a staff member responds to a child when they try to disclose abuse can influence the outcome of the child's victimization. By maintaining an apparent calm, the staff member can help reassure the child that everything is going to be okay. By not criticizing the child, we counteract any statements the molester made to the victim about the child getting into trouble. Reassure the child that you are concerned about what happened to them and that you would like to get some help.

Allegations by a Scout concerning abuse at summer camp must be reported to the Camp Management who will then report to the Scout executive. Since these reports are required, the child should be told that you must tell the proper authorities but that you will not tell anyone else. It is important that you not tell anyone other than the Camp Management, the Scout executive or the child protective services agency about allegations of abuse—if the allegations cannot be substantiated, you could be sued for defamation of character.

People are often concerned about being sued for reporting child abuse. You are not required to know for certain that a child has been abused. All that the law requires is that you have a reasonable suspicion and are reporting in "good faith." When these requirements are met, all states provide immunity from liability for child abuse reporters.

PUBLIC DISPLAYS OF AFFECTION

For our staff to best serve its customers and support each other, PDAs from staff-staff, staff-campers, and staff-visitors will not be tolerated.

UNAUTHORIZED PERSONS IN CAMP

The Shenandoah Area Council and Camp Rock Enon takes very seriously the safety of its campers and all involved in the Scouting program. If you happen to notice an individual who looks or acts suspiciously, i.e., emerging from the woods or just wandering around aimlessly, you should do the following:

- Determine if they are wearing the required wrist band identifying them as an authorized camper or visitor.

Staffers should not be talked into taking more people into town than they are comfortable driving. Personal vehicles are not to be driven onto camp property unless directed to do so by the Camp Management. Camp Rock Enon has limited cellphone service at camp. Verizon works best; AT&T and Sprint work sporadically. The use of personal cell phones by the staff during program hours is prohibited. Cell phones must be put away during program instruction, merit badge instruction and other program activities while the staff member is on duty. Failure to follow this policy will result in the confiscation of the cell phone by Camp Management during program hours.

A WORD ABOUT FOOD ALLERGIES:

If you have a food allergy or special dietary restriction, we ask that you fill out the form at www.sac-bsa.org/crfoodservice which is passed directly on to our Food Service Manager and kitchen staff. Because there are some common food allergies (i.e. peanuts, tree nuts) we already plan our standard menu to minimize potential exposure and provide substitutes when necessary. In the event of severe food allergy or complex dietary needs, you may be required to provide your own food. Storage space (dry, refrigerator and/or freezer) will be provided to keep food items safe.

OPEN DOOR POLICY

CRE has an open-door policy. After meeting with your Area Director, if you are not satisfied with the handling of a concern, you are free to take your concerns to the next higher supervisor. If you are still not satisfied your concern may be brought to any member of the Management Team including the Program Director, Camp Director, Ranger or Council Executive.

Radios, tape players, etc. must be played with headphones to avoid disturbing fellow staffers and nearby campsites. No TV or Video games in tents or bunkrooms.

Housing for staff members age 21+ is typically located indoors in various buildings located in the main area of camp including Buffalo Lodge, Bowman Lodge, Health Lodge and Garrabrandt Lodge.

Each Staff member will be provided with a sleeping surface, typically a cot or bed frame with wire springs. Please plan to bring a mattress or pad to protect sleeping bags from the springs and wires on the bed frames.

The Camp Management, in their sole discretion shall assign living quarters,

Staff bathroom, shower and laundry facilities are located at the Staff Shower House (males) and inside the various Lodges (males/females). These staff facilities are the responsibility of the Staff to maintain and keep clean. **There are to be no towels, clothes, or any other personal items left in these areas.**

For the safety of all of our staff members, the staff sleeping quarters are age and gender specific (Age 14-17, Over 18, Male and Female) and should be respected by the other members of staff. For example: if you are a male under the age of 18 you should not be in the sleeping quarters area designated for females under 18 or any staff member over 18 years of age.

STAFF LOUNGE

Located in the staff building on Staff Hill. This building **WILL** be inspected daily and it is expected of the Staff to maintain the building and keep it in excellent condition. Any damage caused by Staff members may be cause of dismissal and all damages must be paid for. The lounge will not serve as your locker room, sleeping quarters, wrestling arena, or couples retreat. The Camp Management reserves the right to close the Staff Lounge for extended periods of time, due to infractions on any of the above statements.

PERSONAL EFFECTS

Staff Members are not covered for fire or other risks by the insurance policies of the Shenandoah Area Council, Boy Scouts of America. Should you desire such protection, contact your personal insurance broker. **Please lock up everything.** That will help deter any attempt to steal. Only staff members assigned to work in the kitchen or dining hall are permitted to be in the kitchen area including the refrigerators, freezers or dry storage areas after hours. Food and supplies in the kitchen area are not for general "help yourself" consumption by the staff. Eating in the kitchen area is prohibited by local health code.

All staff members should eat in the dining hall or at the picnic tables located in front of the dining hall or behind the kitchen.

ADVANCEMENT BY STAFF MEMBERS

You may work on summer camp merit badges and other advancements in your spare-time, remembering that your primary responsibility is to the camper. Make sure you complete the Merit Badge Request form properly before you start the merit badge.

UNIFORMS & DRESS CODE AT CAMP:

All staff members must follow the Council policy on appropriate attire. The Field Uniform is required for flag retreat ceremonies, dinner service and campfire program and includes the official Scouts BSA or Venturer field uniform shirt with correct patches, Scout shorts, belt and socks plus the camp staff hat. A staff activity uniform is worn at all other times while in camp and includes the camp staff t-shirt, Scout shorts, belt and socks plus camp staff hat.

- During Scouts BSA weeks, Friday is OA day. Staff may wear an OA t-shirt during the day and their OA sash with their Field Uniform during the evening activities.
- Aquatics staffers will wear swim trunks or one-piece bathing suits only when on duty at the Aquatics area. At all other times, the appropriate staff scout uniform **MUST** be worn. Modifications of the official Staff Uniform are not allowed.
- Staff Members from foreign countries may wear the uniform of their Scouting program.
- Earrings are discouraged for male Staff Members. If you have one when you come into camp it may stay if it is small. No additional piercing will be allowed while on staff.
- Small stud earrings are permitted in the ears. Multiple piercings are discouraged, and long dangling or hoop earrings are not allowed. This is for your safety. It is the discretion of the Camp Management as to the appropriateness of the piercings.
- It is strongly encouraged that all Staff Members always wear hiking boots or any other form of boot. Combat boots do not supply the support for hiking at camp and are not recommended.

THE SCOUT UNIFORM is an important part of the Scouting Program. It gives the wearer a “sense of belonging,” and identifies them to the public as a SCOUT – trained and ready to help. It builds TEAM SPIRIT and makes the wearer feel like a Scout. Certainly, it also builds scouting brotherhood and builds pride in personal appearance. No uniform parts may be defaced in any way shape or form. Nametags shall be the only pins allowed on the staff hat. You may write your name on the inside of your staff hat and staff shirts for identification purposes only.

All Staff Members will always maintain an enough activity uniforms in order to be in uniform while on duty in the camp. We recommend 2-3 pairs of BSA shorts, 1 BSA Field Dress shirt, and 7 pair of BSA socks.

PERSONAL APPEARANCE & HYGENE

Staff members will set the tone for appearance of each scout camper. Hair must be worn in a clean and neat manner. All hair that is longer than past the collar must be tied back while on duty. Beards and sideburns are okay provided they are always neatly trimmed. Staff Members will also be expected to shower and brush their teeth daily and keep their clothing neat and clean. Garish emblems/jewelry (earrings, etc....) will not be worn at any time, unless as an approved part of your program. In addition, hair dyeing will not be permitted during camp. Summer camp is not the place to change the color of your hair.

GOOD PHYSICAL CONDITION

Good physical condition is a must at summer camp. This includes proper diet; sleep and health care that will help you avoid becoming fatigued. In consideration of those living around you, quiet times are established between 11:00 PM and 7:00 AM.

TAPS will sound each Sunday - Friday at 10:00 pm. Campers are to be in their sites currently. Quiet time will be observed throughout the camp until reveille the next morning.

SLEEP requirements vary from individual to individual. Every Staff Member is directed to get enough sleep to be able to be 100% effective ALL DAY LONG. Lights out Sunday through Friday is 11:00pm. Staff Hill must be quiet after taps. Staff Members must respect themselves and others and get enough rest.

NIGHTS OFF is a privilege. Each person may have one night off per week. These will be scheduled in advance. Remember every open area must be covered and programming available in each area in the evening. All Staff Members must stay for the end of program time. Dismissal will happen after the flag retreat ceremony at approx. 6pm. Staff Members must sign out in Buffalo before they leave. All staff must check in at the Buffalo Lodge when they return. Staff under 18 must arrive back in camp by 11:00pm. Staff 18 – 20 years old may stay out until 12:00pm. Staff over 21 must be back by 1:00am. Advance approval to vary from these times may only be approved by the Camp Management. Failure to check in will lead to disciplinary measures.

PUNCTUALITY will be expected of each staff member. Do not depend on bugle calls. Staff Members are to be on time for all appointments, instructional periods, meals, and flag ceremonies

STAFF COMPENSATION & BENEFITS

Paid staff members will be paid on or around the 1st and 15th of each month during the summer camp season with the first check typically in July. This compensation starts at the beginning of staff training and ends with the last day of camp takedown in July. The camp furnishes food and lodging as a benefit. Camp Salaries are based upon age, experience, previous camp staff service, responsibilities, and stringent budgetary requirements in keeping with an effort to maintain a reasonable camp fee. In consideration of the many factors, which affect staff salaries, and in keeping with the confidential nature of each individual staff contract, do not discuss your salary with anyone but the camp director or business manager.

Staff will be paid for approximately five (5) - six (6) weeks of work. This time frame will begin with the Staff Training Session, continue through the six weeks of camp and conclude with camp clean up. Any paid staff member who misses a day of work will not be paid for the missed day. Any other possible exception will be at the full discretion of the Camp Management.

While the specific functions designated previously may be the chief duties of the Staff Members, it is everyone's responsibility to help carry forward the camp program and the objectives of the Boy Scouts of America, assisting in such manner as may be assigned by your Director.

All employees of the BSA are "employees at will" and, as such, are free to resign at any time with or without advance notice or reason. Similarly, the Shenandoah Area Council – BSA may terminate the employment of any individual with or without advance notice or reason. Early resignations may affect future employment.

Permanent File: The Shenandoah Area Council responds to requests for recommendations to other employers only when you notify the Council Office in writing. Your personnel file is the property of the Shenandoah Area Council and is confidential. Information from it will not be shared otherwise.

THE PERSONAL GROWTH AND DEVELOPMENT of each Staff Members is of importance to camp. For most staff member's service on the camp staff represents a first or second employment opportunity. With that in mind, the performance of each Staff Members will be evaluated at least twice during the summer; near the end of the first camp week and at the end of camp. These evaluations will take place in a form conference with your immediate supervisor.

DISCIPLINE OF STAFF MEMBERS

Infractions of staff policies, should they occur, should be brought to the attention of the Camp Management, who will investigate and take appropriate action.

If a staff member's conduct in or out of camp interferes with camp morale or undesirably influences the opinion of camp neighbors or local citizenry, they will be rendered useless for further staff service and will be asked to leave.

The following are the basic steps of discipline. These may be modified at any time if needed.

First Offense = verbal warning

Second Offense = written reprimand + loss of night off

Third Offense = dismissal

More than one written reprimand could cause you to be dismissed from camp.

The Camp Management reserves the right to send a Staff Member home in the event of camp rules being broken, undesirable behavior and illness/accident.

EMERGENCIES

Emergency procedures will be discussed in detail during Staff training. Please note: Emergencies and Incident Command are managed by senior camp staff and all off site communication should go through them.

It is essential that all leaders, campers and staff be familiar with the following Emergency Procedures. Please take a few minutes to review these procedures.

What to do: Staff

1. When a siren sounds, the staff will quickly and calmly close their areas and send all Scouts to their designated areas
2. In the event of a Lost Bather, the designated staff will proceed directly to the waterfront. All others will proceed to their designated areas.
3. In the event of other emergencies, the staff will report to their designated areas.

ALL CLEAR!

When the emergency (or drill) is over, the camp will be dismissed by the Camp Management from their designated areas. Leaders, campers and staff will resume with normal program.

DRILLS

A camp that is prepared has few emergencies. Should an emergency arise, it is essential that everyone in camp know how to respond. Drills will be held to ensure that all persons in camp know what to do and can do so calmly and effectively. Drills are a very serious matter and we expect that all will treat them in that manner.

DIRECTIONS FOR SPECIFIC EMERGENCIES
